Sampling](#)

The image shows a digital interface for sampling music. At the top, there are tabs for 'TechTool', 'SAMPLING', and 'SOUND BREAKING'. A text box says: 'Press the buttons to play samples from the piece of music. Move the colored bands from left to right to select different sections of the music.' Below this are four colored boxes labeled 1, 2, 3, and 4. In the center is a play button. At the bottom, it says 'musedworks'.
